ADL Co-laboratory System

- **Interservice/interagency resource to support ADL development and implementation**
- **Employs collaborative approaches to leverage resources and to adopt best practices**
- **Serves as a testbed for research, development, test and evaluation**

ADL Co-lab Locations

- **ADL Co-laboratory**
 - located in Alexandria, VA
 - focuses on policy; standards development
- **JOINT ADL Co-laboratory node**
 - located in Orlando, FL
 - focuses on implementation
- **ADL Co-laboratory nodes**
 - First one is located at University of Wisconsin

Joint ADL Co-Lab Members

ADL Partnership Initiative

U. S. Coast Guard Liaison Office

Readiness &
Training

U. S. Army Simulation
& Instrumentation

Benefits of the ADL Co-Lab

- **Leverage resources and Science & Technology efforts**
- **Foster wide-spread collaboration**
- **Accelerate organization learning-curves**
- **Accelerate adoption of common tools and standards**
- **Focus R&D on shared learning needs and challenges**
- **Develop cost-effective solutions**
- **Maintain an on-line, up-to-date knowledge-base that supports ADL users and developers**

Support of the Warfighter

- **Leverages DoD and Industry investments**
- **Makes training available when and where it is needed**
- **Offers more than training...access to information**
- **Will reduce time to train**
- **Anticipated savings in development costs through reuse**

Summary

- **JOINT ADL Co-lab is supporting implementation of ADL**
- **Opportunity for leveraging**
 - **Industry/Academia Partnerships**
